Who we are

The role of Study Queensland

A specialist industry development team within Trade and Investment Queensland

Trade and Investment Queensland (TIQ)

- Queensland Government's dedicated agency for trade and investment.
- 21 international offices across 16 countries and 8 regional Queensland locations.
- Connect Queensland to the world and the world to Queensland driving global business opportunities.

Study Queensland (SQ)

- Study Queensland is a business unit within Trade and Investment Queensland dedicated to promoting Queensland as a premier study destination and a preferred partner for education, training, research and innovation.
- Responsible for the implementation of the **Queensland International Education and Training Strategy 2022-2027**.

Study Queensland Priorities

Key priorities for 2024-25

Sector transition support projects to assist providers in diversifying delivery models and exploring new opportunities in global markets

Supporting regional study clusters through the Study Queensland Regional Funding Framework

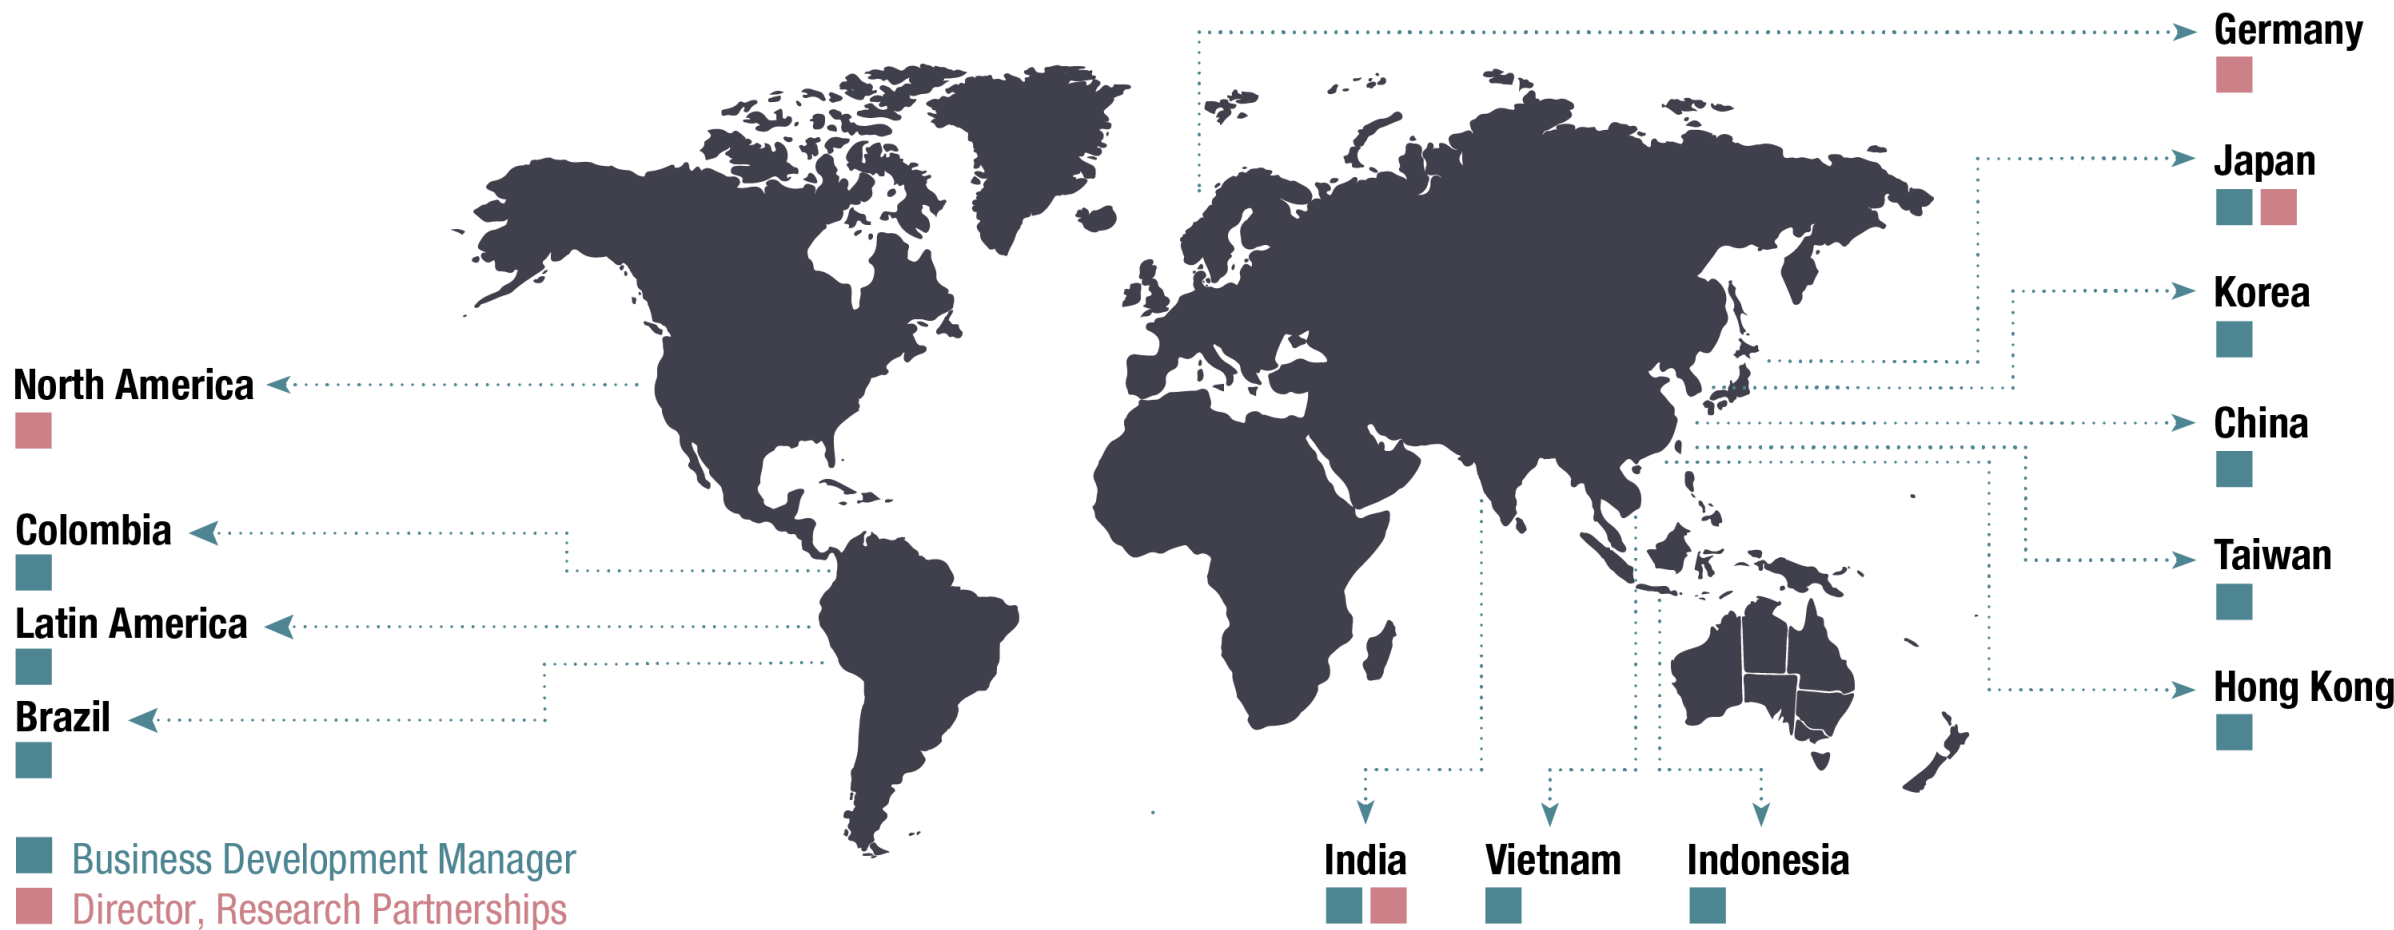

Sponsorship and participation in key international education and training events to maintain Queensland's profile as an education destination of choice

Connecting international students and industry to build meaningful employability experiences for international students and a strong talent pipeline for Queensland

Advocacy for the IET sector through participation in Commonwealth forums

Promotion of Queensland as an international education, training and research destination of choice through events, marketing activities and digital channels

Our Global Network

Study Queensland research contacts around the world

Study Queensland's Directors of Research Partnerships (DRPs) identify, promote and support Queensland organisations to seek trade and investment opportunities within key priority sectors.

Our DRPs work in partnership with Queensland research providers in their respective markets to connect the needs of industry to research opportunities and assist in leveraging funding pathways to facilitate research collaborations.
