

MAXIM and NITAI MUSO

THEIR STORY:

Maxim and Nitai are students from Indooroopilly State High School who began their entrepreneurial journey at a school-based social innovation program. To take their idea to the next level Maxim and Nitai joined gen[in] to grow their idea - Muso. Muso makes it easy for you to find great local artists, and build your own collection of songs you love. With Muso, artists receive 1 cent for each stream (compared to 0.04 cents on Spotify), so they can afford to keep making great music. Instead of paying a flat fee no matter how much music you listen to, you pay per stream.

Maxim and Nitai are both musicians!

Got local Brisbane artists on-board with their idea early.

Developed a website to showcase their idea.
